DOI:

[10.1122/1.1406999](https://doi.org/10.1122/1.1406999)

Document status and date:

Published: 01/01/2001

Document Version:

Publisher's PDF, also known as Version of Record (includes final page, issue and volume numbers)

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

Due to a production error, the EPAPS reference was published incorrectly in the printed version. AIP apologizes for this error. It appeared incorrectly on p. 831, first paragraph, fourth line, p. 831, last paragraph, last line, p. 832, first paragraph, fourth line, p. 833, first paragraph, third line, p. 837, fourth paragraph, third line, and p. 839, third paragraph, last line. It should read EPAPS Document No. E-JORHD2-45-013104. It also appeared incorrectly in the reference section (second-to-last reference). The reference should read:

See EPAPS Document No. E-JORHD2-45-013104 for sixteen figures of the XPP model. This document may be retrieved via the EPAPS homepage (<http://www.aip.org/pubservs/epaps.html>) or from <ftp.aip.org> in the directory/epaps/. See the EPAPS homepage for more information.
