Document status and date:

Published: 23/10/2018

Document Version:

Publisher's PDF, also known as Version of Record (includes final page, issue and volume numbers)

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

CORRECTION

Open Access

Correction to: Intrauterine resuscitation during the second stage of term labour by maternal hyperoxygenation versus conventional care: study protocol for a randomised controlled trial (INTEREST O2)

Lauren M. Bullens^{1,2*}, Alexandra D. J. Hulsboom¹, Suzanne Moors¹, Rohan Joshi^{3,4}, Pieter J. van Runnard Heimeel¹, M. Beatrijs van der Hout-van der Jagt^{1,2}, Edwin R. van den Heuvel⁵ and S. Guid Oei^{1,2}

Correction

Following publication of the original article [1], the authors noticed that the sample size for the study group was incorrectly reported in the Methods section. The correct number of patients to participate in the study is 116.
