Document status and date:

Published: 01/01/1994

Document Version:

Publisher's PDF, also known as Version of Record (includes final page, issue and volume numbers)

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

Correction

Anal. Chem. 1994, 66, 2799

Application of the Retention Index Concept in Micellar Electrokinetic Capillary Chromatography

Pim G. H. M. Muijselaar,* H. A. Claessens, and C. A. Cramers
(*Anal. Chem.* 1994, 62, 635-644)

The scale on the y-axis (vertical) of Figure 10 on page 643 is incorrect. The scale shown should be multiplied by a factor of 3.223 to obtain the correct scale value.
