***Document Version:***

Publisher's PDF, also known as Version of Record (includes final page, issue and volume numbers)

***Please check the document version of this publication:***

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

**Correction to: Engineering with Computers**  
<https://doi.org/10.1007/s00366-021-01590-6>

In the original version of the article, Figs. 1 and 5 were depicted too small and the captions of the subfigures of Figs. 2a, b, 3a, b, 11a, b, 18a–d and 19a, b were not properly formatted.

The original article has been corrected.
