Document status and date:
Published: 20/11/2024

Document Version:
Publisher's PDF, also known as Version of Record (includes final page, issue and volume numbers)

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

 Article Recommendations

In the original manuscript, an error was present in the Materials section, in the sentence “Anti-PCT antibodies 13B9 and 17A3 were provided by HyTest (Finland).” Here, 17A3 is not correct. The correct antibody is 27A3.

Furthermore, in the Acknowledgments section, essential contributions were inadvertently omitted. The Acknowledgments are as shown below.

■ ACKNOWLEDGMENTS

We thank Sander van Berkel from Synaffix for providing support regarding the glycan remodeling protocol. We thank Khulan Sergelen and Jipke Snellen van Vollenhoven for screening antibody pairs. We thank Bas Rosier and Anna Świetlikowska for making protein M and protein G conjugates for the DNA-PAINT experiments.
