

Optical home network based on an N×N multimode fiber architecture and CWDM technology

Citation for published version (APA):

Richard, F., Guignard, P., Pizzinat, A., Guillo, L., Guillory, J., Charbonnier, B., Koonen, A. M. J., Martinez, E. O., Tanguy, E., & Li, H. W. (2011). Optical home network based on an N×N multimode fiber architecture and CWDM technology. In *Proceedings of the 2011 Optical Fiber Communication Conference and Exposition (OFC/NFOEC) and the National Fiber Optic Engineers Conference, 6-10 March 2011, Los Angeles, California* (pp. JWA80-1/3). Institute of Electrical and Electronics Engineers.

Document status and date:

Published: 01/01/2011

Document Version:

Accepted manuscript including changes made at the peer-review stage

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.
