

Recent study on *Catimbium latilabre* (Ridl.) Holtt. from Vietnam

Citation for published version (APA):

Chinh, T. D., Dung, N. X., Rang, D. D., & Leclercq, P. A. (1994). Recent study on *Catimbium latilabre* (Ridl.) Holtt. from Vietnam. In *Abstracts of Eight Asian Symposium on Medicinal Plants, species and other natural products (ASOMPS VIII)*, 12-16 June 1994, Melaka, Malaysia Article P11

Document status and date:

Published: 01/01/1994

Document Version:

Publisher's PDF, also known as Version of Record (includes final page, issue and volume numbers)

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

RECENT STUDY ON *CATIMBIUM LATILABRE* (RIDL.) HOLT. FROM VIETNAM

Trịnh ĐÌNH CHÍNH¹⁾, Nguyễn XUÂN DŨNG^{*2)}, Đỗ ĐÌNH RẰNG
and Piet . A. LECLERCQ*

1) Huế - Training Teacher College

2) Centre for Education and Development of Chromatography of Vietnam
(EDC Vietnam), 3 Giải phóng Street, Hai Bà District,
10 000 Hanoi, Vietnam, Fax : 84 4 291256

The Root and Rhizome oils of *Catimbium latilabre* (Ridl.) Holt. from Vietnam were investigated by a combination of Capillary GC, GC/MS and spectroscopic methods.

* More than thirty components from Root oil were identified.

Main constituents of the oil are citronellol (30.7%), 1,8 - cineole (11.6%) and camphene (6.5%).

* More than forty compounds in the Rhizome oil were found of which 1,8 - cineole (25.3%), linalool (10.7%), carotol (9.2%) and β - pinene (5.7%) are major components .

The Rhizome of *Catibium latilabre* is used in traditional medicine for the treatment of skin rash, crude extracts exhibit anti - inflammatory activity, besides it is used as a spice .
