

Een mes dat aan drie kanten snijdt

Citation for published version (APA):

Beukering, van, L. H. T. M. (1986). Een mes dat aan drie kanten snijdt. *I-twee werktuigbouwkunde*, 2(1), 5.

Document status and date:

Gepubliceerd: 01/01/1986

Document Version:

Uitgevers PDF, ook bekend als Version of Record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.
