

Uwe Matzat works as an Assistant Professor in Human-Technology-Interaction. He received his Ph.D. in 2001 at the Interuniversity Center for Social Science Theory and Methodology (ICS) at the University of Groningen (NL). In 1996 he received his Diploma in Sociology at the University of Duisburg (Germany). His current research interests include the design, use, and effects of social media - for individuals and for society. Recently he became interested in the use of social media for learning and Learning Analytics. He is founding and serving editor of the International Journal of Internet Science (<http://ijis.net>).
